

2D DOUBLE PANEL FENCE

2D Panel Fence

2D fence panels are a durable and aesthetic solution used in many places where safety and durability are important. They are perfect for:

- * Private facilities – fences for houses, plots and gardens
- * Industry and logistics – production plants, warehouses, parking lots, logistics centers
- * Public facilities – schools, sports fields, playgrounds, parks
- * Facilities with a higher security standard – airports, prisons, military facilities
